

The All-in-One PackTag™

The All-In-One PackTag™, made for blister packs, contains a retractable pin for safety and ease of application. The spring loaded pin is contained in the upper section and applied through the garment into the clutch. Quick, easy one-handed application, compatible with Standard and Superlock magnetic detachers.

Features

- Retractable pin
- One-piece solution
- Quick and easy application
- Compatible with Standard and Superlock detachers
- Tough ABS / PC construction
