

## The Koala Tag™

The Koala Tag™ has been developed to provide the most robust anti-theft solution for all types of liquor. It can be used combined with doorway systems or simply as a deterrent. The tag is almost impossible to release if the bottle is stolen, having three individual points of contact with the bottle neck, giving it added benefit-denial functionality.

### Features

- Quick single-handed operation
- Standard lock or superlock option
- Positive plunge mechanism
- 3 points of contact with bottleneck
- Almost impossible to remove by force
- Available in RF or AM technology

EAS System Alarm
