

The Lion Tag™ EAS & Anti-wardrobing

RF version

No EAS

AM
version

The Sekura Lion Tag™ is an EAS and Anti-wardrobing solution in one. It effectively prevents wardrobing, an issue of fraudulent return, as well as shoplifting – making it an all-purpose tag for fashion merchandise. AM/RF versions combine a disposable lock with an EAS clutch. The EAS pin can be removed with a compatible detacher instore, where the EAS will also be deactivated, while the customer can remove the disposable lock at home by hand (once they have decided not to return the item). To avoid customer use and return, the tag can be printed with a notice advising: ‘removal will invalidate our returns policy’ (or similar). Suitable for every type of apparel.

Features

- Easy application
- Effectively prevents ‘wardrobing’
- Available in AM or RF technology
- Disposable tag with dual functionality
- No discarded tags left lying around
- Available with no EAS for home delivery
