

Mini BoxGrip™

Available in a 2 Alarm version for cut-alarm functionality, the Mini BoxGrip™ is easy to lock and tighten. At only 50mm (2”) diameter, its small footprint minimises obstruction of the box. The standard cable length is 60cm (23.5”), with an option for a more versatile 1.2 metre (47”) cable length, allowing most boxes to be wrapped with a single solution.

Features

- Easy, intuitive application
- Dual frequency – AM and RF technology incorporated
- Press-button lock and release
- Long lasting, replaceable battery
- Compatible with Standard lock and Superlock detachers

Alarm Functions

- 2 Alarm options for increased security
- Red flashing light for visual deterrent
- Sound level 95dB

Dimensions

- Lanyard Length: 60cm (23.6”) or 1.2m (47.2”)
- Diameter: 50mm (2”)
- Height: 46mm (1.8”)
- Weight: 70g (2.5oz)
