

EAS and benefit denial for your wines & spirits

The Mini Koala™ is used for securing your Wines & Spirits merchandise, allowing you to keep bottles on display in self-service areas. The low-profile design means that you can even keep bottles in presentation boxes when required, allowing for stackable displays and preserving shelf clearance heights. The Mini Koala comes in two sizes, both feature rapid one-handed application and removal. Compatible with Standard or SuperLock detachers.

FEATURES & BENEFITS

Magnetic clutch for easy release and removal

Secures tightly to bottleneck with ratchet action button

Champagne version accomodates oversized bottle tops, including JD

Available in AM and RF

- Hidden internal mechanism which ratchets tightly against the neck of the bottle to resist intrusion
- Almost impossible to remove by force, even if the bottle is stolen, providing benefit denial functionality
- Can be used for benefit denial alone or in conjunction with EAS systems
- Quick and easy to apply and remove, even one-handed

SUGGESTED APPLICATIONS

Alcohol - Standard size fits most ordinary sized bottle necks, while Champagne accomodates wider necks and outsized tops.
