

The SlideTag™

The patent pending SlideTag™ is a rapid application tag for source tagging and in store tagging – a one piece tag with integrated safety retractable pin which simply slides onto the garment. Press the plunger and the item is protected! Quick and easy to use whether in the manufacturing, DC or back of house environment. Available with a transparent pin housing for greater precision of application, and in DuaLock or RFID versions as required.

Features

- One-piece solution
- EAS functionality
- Rapid application
- Neat and compact design
- Available in AM or RF technology
- Concealed or visible, sprung, smooth pin
- Standard version compatible with Superlock magnetic detachers
- DuaLock version compatible with both magnetic and mechanical detachers
