

The Eyewear™ Tag

RF Version

AM Version

Specifically designed for sunglasses and prescription frames, Sekura's Eyewear Tag is the most effective one-piece eyewear protection solution available. Equipped with a powerful unique torque-controlled locking system, it tightens onto the frame first time every time, keeping the glasses safe from theft without risking damage.

With easy application and release, the lightweight design of the Eyewear Tag will always allow you to showcase your merchandise in the best possible way.
